

Mr. Fredrik Lindblom

Managing Director

Saab Thailand

Mr. Fredrik Lindblom is the Vice President and Country Manager of Saab in Thailand and has worked in Thailand for approximately eight years. Mr. Fredrik holds a Master of Science in Digital Communication Systems and has more than twenty years of experience within Air Traffic Management and Airport operations, from his work for the Swedish Air Navigation Service Provider LFV, as well as for Saab as product and sales manager. His contributions to various Air Traffic Management projects have earned him several awards, including the ECO Logistics Awards in Sweden for contributing to sustainable air traffic by using new technology and procedures.
